

WHS Service Learning Opportunities -- 2/6

Arts For All is an arts education non-profit developed to be affordable and available to everyone. It offers arts classes in visual and performing arts at six locations around the metro as well as the occasional school-age STEAM workshop, Girl Scout collaborative programming, and some afterschool programming. Currently, the organization needs volunteers interested in assisting in a classroom alongside the instructor during evening/weekend classes or assisting with informational events. Opportunities are also available to those interested in assembling DIY promotional items to hand out at informational events.

Potential volunteers should visit ArtsForAllOmaha.org and click on the "How to help" tab and then choose "volunteer" to send organizers a note of interest.
